

# CapitalAscend (TM) Vault Tool 006: Milestone & Metric Map

Clarify your raise. Impress investors. De-risk your story.

This powerful tool helps you design a strategic funding roadmap based on your current stage, funding goal, and use of funds - even if you're still pre-revenue.

It generates your top 3 milestones, matching KPIs, and pitch-ready framing tips so you can present yourself like a prepared, fundable founder - not a vague early-stage risk.

Use it to:

- Define investor-aligned milestones tied to your raise timeline
- Translate strategy into traction, even without revenue
- Strengthen your deck's traction slide or roadmap section
- Build trust by speaking the language of capital allocators

Download the companion PDF for step-by-step use cases, example outputs, and investor framing guidance.
